Thursday evening.

Dear Debora I had a very good time out Monday with Rev Mr Ward of Abington tete a tete. We had a long argument about the woman question and also abolition. I did not know who he was, but I made some apposite remarks about the clergy. I found all well but Aunt Priscilla. She is much the same as when I left. My own chest, shoulder, back &c bothers me a good deal & I think of putting on a plaster tomorrow. It bothers me enough to keep me sober all the time I cross some ?rt; that is I fret inwardly, tho' I strive to keep it to myself. I was sorry about little Henry's coming but as Maria had brought his clothes, I would not oppose his staying, but as she is going to send for Warren on Sat by R. Cowing & intends to bring him in on Monday, little Henry will perhaps come in town then, & if you should like to come out then you could. Aunt P. has had 2 leeches but they do not produce much change. Mrs Brickey is dead. M. Tufts called yesterday & stood an hour. I have been no where but to Grandma's. I was much displeased with the proceedings of our Convention because they had left out a part of my notes, that touching the woman question. I think the Liberator treated it about right on the whole. I believe M. Grew is to be in Boston by Lincoln if any news happens. You can write out by Lincoln if any news happens. You can carry it to the Stage office. I will send the books you want. yr in haste

Friday morning

I send you a letter that came yesterday from Sarah Ann. I shall send Sir Henry if I can for you must remember that he has been with me

ever smile. I came from Huntington about.
He accompanied me into town, & now has
come out. I am pretty tired of him.
I feel somewhat better this morning.
